WHO WE ARE

The International Library and Cultural Exchange Interest Group (ILCE-IG) grew from the American-Bulgarian Library Exchange Project (1996-2011), which sought to create connections and cooperation between American & Bulgarian libraries. The ILCE-IG extended its scope to encourage projects that foster relationships between Colorado Libraries and those of other countries, to help build and maintain libraries in communities overseas, and to celebrate non-dominant cultures across Colorado.

ILCE-IG has two primary goals:

- Support individual/library partnerships and activities that enhance cultural understanding
- Support cultural programming and activities that celebrate diverse ethnic and immigrant cultures in Colorado

To achieve these two goals, we:

- Identify libraries in Colorado that have relationships with libraries outside the US
- Discuss how to stimulate cultural exchange between US and international libraries
- Offer programs at CAL on international cultural exchange
- Assist libraries in working with community populations to support cultural exchange
- Include international cultural information about partner countries in the CAL/ILCE-IG website
- Collaborate with existing CAL interest groups who have similar interest/focus
- Seek funding for cooperative projects between Colorado and international libraries

Nancy Bolt sells unique jewelry and crafts at various venues to benefit International Library Projects. Nancy and her husband, Bob, buy fair trade original jewelry and crafts as they travel and bring them back to share. They strive

to buy from the creative artist or from non-profits representing collectives that pay a fair wage to their members. Nancy and Bob will

have jewelry from many countries. Part of the proceeds from all sales goes to the CAL International Library and Cultural Exchange International Library Projects.
